Remark :			
*2 : It only can be Switch to control dialing function when the mobile phone bluetooth setting is set to advance mode.			
*3 : Using Taiwan mobile/Mobitai's sim card on Nokia 7600/7610/6820/6230/6260, or using Chunghwa Telecom sim card on Moto A732, there is no response on the stereo when the caller hanging up .			
(this is due to communication problem between mobile phone itself system and Telecom)			
the stereo can only become normal while hang up through mobile phone or remote control.			
*4 : when calling out, it must operate through the mobile phone while the voice is preset in the phone. The voice only can transfer to hand free kit as due to design of the mobile phone			
*5 : High freeze rate of mobile phone			
*6 : can not adjust voice volume			
*7 : No incoming call ringing sound from hands-free, will be OK after the connection succeeded			
color means			
	No support
